

SENATOR STEWART'S WILL  
PROBATED THIS MORNING

The will of the late J. W. Stewart was admitted to probate this morning when Mrs. Oline Stewart, the widow, qualified as executrix and took legal charge of the estate which had been left to her. The court in accordance with the will appointed the wife executrix without bonds.

FRENCH ORPHANS ADOPTED BY  
TONOPAH JUNIOR RED CROSS

About two years ago two little French orphans were adopted by the town of Tonopah. They were Madeleine Didot and Diana Burean. Today two more little children were adopted by the Junior Red Cross of Tonopah. It will be about three months before the names of these children will be known.

Now that the need for refugee garments and surgical materials have passed the Junior Red Cross of America has taken up the unequal fight of the poor little war orphans of France. All over the country children are pledging their spending money to the care of these little children in our sister republic through the medium of the "Fatherless Children of France."

Looking far ahead, at the beginning of the war, the patriotic French people in this country organized the machinery through which every child orphaned by the war should be registered. Then they appealed to the world at large to "adopt" these children. This did not mean that these children were to be transported to the United States or

WILL USE GYM  
FOR TOWN OFFICES

The county dads have about decided to use the gymnasium for the chief of police and the justice court. Arrangements will be made by which the building will be rendered suitable for its new purpose. This will save the town the expense of buying a new home and at the same time serve the uses of two officials who have been compelled to rent quarters at an expense of \$25 to \$30 a month for the past five years and much more before that time when rentals were higher.

The gymnasium was built ten years ago through popular subscriptions as an incentive for citizens to join the volunteer firemen which then was an active force requiring response whenever the whistles blew an alarm. The place was very popular and the boys found its cozy interior a comfortable place to lounge and read when they were off shift. As a further compensation shower baths with hot and cold water were installed but for the past two years interest waned and it was found impossible to maintain the gymnasium with the fund provided by subscriptions of a dollar a month from public spirited citizens.

CHINESE MURDERED  
AT CARSON CITY

CARSON CITY, Feb. 11.—The Chinese porter at the Arlington was found murdered Monday morning in his little cabin in the Chinese quarter. He was lying on the floor with his face badly cut and bruised. A blow over the left eye, apparently made by some blunt instrument, probably caused his death. Blood was spattered all around the room and on the walls, and the man had apparently been dead several hours when the body was discovered.

That robbery was not the motive of the crime was indicated by the finding of \$120 in bills in an inside vest pocket, \$5 in an outside pocket and \$120 more in a little box under the pillow on the bed.

According to the sheriff the murder was probably after "hop," and he believes an Indian committed the act, although no clues have been found. The man's name was Fong.

## GALE HOLOS SWAY

(Continued from Page One.)

W. T. Cuddy. A smokestack on the telephone building was folded up like a jack knife while across St. Patrick street thirty feet of fence in front of the Bacon property was leveled. A house on St. Charles street, belonging to Mrs. Dominy, was twisted around and at another place a roof was lifted from its moorings. The pretty stone bungalow far up the slope of Mount Brougher, known as Eagle's Nest, owned by Mrs. Anderson, suffered damage on the roof. Broken safeties were common and tinners were kept on the jump trying to satisfy all demands.

The official report of the weather observer states that the highest registered velocity was reached at 10:25 last night with a speed of 42 miles an hour from the southeast. The speed record for the station is 54 miles, recorded in 1910, when the wind blew from the west. Last year the highest velocity recorded during the year was 45 miles in March, from the southeast. On October 28 of the same year the wind blew 42 miles from the northwest.

OPERATION PERFORMED  
ON WIFE OF RANCHER

An operation was performed on Mrs. Dave Patterson, wife of a Fish Lake valley rancher, Monday morning at St. Mary's hospital. Mrs. Patterson's condition was excellent following the operation.

## BOB STEWART SICK

Bob Stewart, the veteran pioneer of Sodaville, is reported seriously ill at a hospital in Los Angeles where he was taken after paying a visit to H. J. Hall at Bird Rock, San Diego. This is all the information contained in a telegram received by J. W. Douglass.

## EXCHANGES CLOSED TOMORROW

Owing to the observance of Lincoln's birthday there will be no trading east or west tomorrow and no quotations will be received here.

## Horses Knew Allocated Task.

In the miles of Hainault horse that travel back and forth over a certain road exactly thirty times each day go to the stables of their own accord after their last trip, and refuse to take another step. In Montaigne's Essays it is stated that the oxen employed in the royal gardens of Suse for turning the wheels to which the water mills were attached refused to make more than the hundred rounds that constituted their daily task.

## Explaining Falling of Leaves.

The shedding of leaves in autumn may be due to physiological drought. The soil contains sufficient moisture, but the temperature of the soil may be too low to enable the trees to absorb it. "June drop" of oranges and many similar losses may be due to similar causes.

## PERSONAL

F. J. GETTINGS is here on a business mission, coming from Reno.

THOMAS J. KELS was an arrival this morning from San Francisco.

H. A. DARMS is up from Coaldale, where he is busy dewatering the mine.

GIBSON BERRY, superintendent of the Round Mountain Mining company, came in yesterday and returned home today.

A. FELLENBUM, better known as "Tonopah Jack," a business man of Mina, was an arrival on this morning's train.

J. C. HANNA, who is known to everyone in Goldfield as one of the pioneers of the camp, left today for Minneapolis for an extended visit with his son and will probably make that city his future home.

STATE AUTO CLUB  
ABOUT TO EXPAND

Active steps are being taken to enlarge the field of operations of the Nevada State Automobile association, which was started some time ago by a few road enthusiasts in Goldfield, Tonopah and Ely.

A letter was received recently by S. R. Moore, treasurer of the Nevada State Automobile association, from Mr. George A. Campbell, of Reno, showing that steps are in progress to enlarge the membership of the Nevada State Automobile association, but which will probably mean that the officers will be chosen from the northern end of the state. The association has done splendid work in keeping in touch with automobile associations of adjoining states and assisting in road matters, but now that road improvement means so much, a state wide association is absolutely necessary.

The details for the reorganization have not been perfected but there is a meeting being arranged for the near future, when the Tonopah Automobile club will offer detailed suggestions, it being the largest club at present, and the one that is really back of the movement for expansion.

It is also to be hoped that by the forming of a state association which will reach all parts of the state, a more harmonious condition in road matters will exist, and the cooperation obtained work to the advantage of all.

## WETS BEAT THE DRIES

TO SUPPLY EXTRACTS

The wets had their innings in Tonopah during the last few days when they captured all the extracts in sight for cooking purposes, and left the dry without the flavoring for the succulent lemon pie.

## AMUSEMENTS

GLADYS ROCKWELL IN  
THRILLING PHOTOPLAY

The Gladys Brockwell production, "The Bird of Prey," which will be shown at the Butler today, is packed with "punch" thrill following thrill, making it one of the most powerful melodramas of the year. The picture opens with a smash and rushes at breakneck speed for five exciting reels. Every known appeal to human emotion is met somewhere in this exciting, thrilling picture, in which the emotional star, Gladys Brockwell, portrays the role of a dancer hall girl on the Mexican border. The play is crowded with tense situations, and the character of Adeln Durant as portrayed by Miss Brockwell, is without doubt one of the strongest this star has ever put on the screen. After mingling with a gang of Mexican bandits, by a slow process that has many clever twists she reforms and finally marries a handsome young American whom in her wild days she had planned to kill. Added to the program will be a Matt and Jeff comedy, Tomorrow, "The Romance of Tarzan," worthy successor to "Tarzan of the Apes," which was shown here some time ago.

THE WOMAN'S RELIEF CORPS

We are giving an entertainment for the boys that are coming home. We want them all to be there—from camp and from over the foam. The more we have in uniform the better pleased we will be, for this is for the soldier and sailor boys, and for them everything is free. The dancing will be jittery style; the refreshments, too. But remember, boys, it is free to you. Come and we'll make you merry. There are soldier boys in Manhattan, in Goldfield and Round Mountain, too. But remember, you are all invited. Come and we'll extend a welcome to you tonight, February 11th.
